

## ShotSpotter®—The Global Leader in Gunshot Detection, Location, Alerting and Analysis.

**ShotSpotter, Inc. is the global leader in gunfire detection and location technology providing the most trusted, scalable and reliable gunfire alert and analysis available today.**

ShotSpotter's deep domain expertise, along with cumulative agency best practice experience, deliver measurable outcomes that help reduce gun violence. ShotSpotter possesses multiple patents resulting from nearly two decades of innovation in the area of acoustic gunshot location technology.

### Real Time Incident Review Center

Included in ShotSpotter® Flex™ is ShotSpotter's Reviewed Alerts Service, which provides immediate review and qualification of all gunfire incidents by ShotSpotter-staffed and trained gunshot acoustic experts. Key benefits delivered by ShotSpotter Flex include:

- Instant, Accurate Situational Awareness
- Enhanced Forensics & Crime Analysis
- Incident Expert Qualification
- Long-Term Crime Deterrence

### 2016 National Gunfire Index

ShotSpotter reviewed and published 74,916 incidents in 2016 compared to 54,699 in 2015. The ShotSpotter National Gunfire Index is based on data from a statistical sample of U.S. cities that used ShotSpotter in 2016. The 72 cities analyzed had a total coverage area of 305 square miles with a median of 3.1 square miles.

- There were 74,916 ShotSpotter published incidents of gunfire in the U.S. for 2016.
- Busiest day of gunfire by city—85 published incidents on August 14<sup>th</sup>.
- The highest number of gunshots in a single hour was 26 gunfire incidents on August 13<sup>th</sup> between 10PM and 11PM.

By tracking, aggregating and analyzing gun crime data, ShotSpotter offers new, previously unavailable insight into the scale and intensity of gun violence across the U.S.

## ShotSpotter® Flex™

ShotSpotter Flex is an affordable annual subscription service that is a hosted, cloud-based solution. ShotSpotter's trained gunshot acoustic experts provide immediate review and qualification of all gunfire incidents and instantly notify officers of shootings in progress with real-time data delivered to dispatch centers, patrol cars and even smart phones. Knowing the precise location of illegal gunfire incidents enables first responders to aid victims, collect evidence and quickly apprehend armed, dangerous offenders. The ShotSpotter actionable intelligence can then be used to prevent future crimes by positioning law enforcement when and where crime is likely to occur. With ShotSpotter Flex, police now possess a scientific barometer of success: smart policing leads to fewer shootings.

## ShotSpotter® SiteSecure™

ShotSpotter SiteSecure is the only technology that provides detection, precise location and analysis of both indoor and outdoor gunfire in under a minute.

First responders and security operations will be notified of gunfire within 45 seconds, providing a complete "dome of protection" around any critical infrastructure facility. With 24x7 monitoring in a cost effective solution, ShotSpotter SiteSecure is designed to protect commercial/office buildings, government facilities, hospitals, airports and other transportation hubs—any large facility needing critical infrastructure coverage.

## SST SecureCampus®

SST SecureCampus is like a fire alarm in an active shooter situation: fire alarms don't prevent fires but can offer a life-saving time advantage in the rare event a fire breaks out. Increased speed and situational awareness can mitigate damage and save lives. As soon as gunfire is detected—either outdoors or indoors—police get precise location of the gunfire, number of rounds fired, detailed map of the campus floor plan, room number and how to get there, and the number of shooters involved. Additionally, they get real-time updates to 9-1-1, the responding officer's patrol car and mobile phones.

## Leadership Team

- Ralph A. Clark, President and CEO
- Joe Hawkins, Sr. Vice President, Operations
- Paul Ames, Sr. Vice President, Products and Technology
- Gary Bunyard, Sr. Vice President, Public Safety Solutions
- Damaune Y. Journey, Vice President, Security Solutions
- Douglas A. McFarlin, Vice President, Engineering
- David P. Rogers, Vice President, Operational Engineering
- Sonya L. Strickler, Vice President, Finance and Controller
- Alan R. Stewart, Chief Financial Officer
- Robert L. Showen, Ph.D, Founder and Chief Scientist

ShotSpotter is a publicly traded company on NASDAQ under SSTI.

ShotSpotter has installation in U.S., Puerto Rico, U.S. Virgin Islands and South Africa. ShotSpotter covers 450 square miles in over 90 U.S. urban and suburban geographic areas.
